

REALISEGRID: overview of 2nd Paris meeting (24th – 26th March 2010)

The 2nd Paris Meeting of the project REALISEGRID will host:

- **the WP2 Workshop**, dissemination event aimed at presenting the main results of the long-term scenarios analysis. This is a public event, to which we have to look for the widest participation. The WP2 leader will take care to fill in the invitations list, send the invitations and of drafting the program of the event;
- **a general meeting** (EC invited) at which the new deliverables not yet presented in the previous events will be overviewed. The invitation to this meeting will be extended to interested Stakeholders;
- **a coordination meeting** between the three projects REALISEGRID, SUSPLAN and IRENE-40 concerning the results of REALISEGRID WP2 and possible data exchanges between the three projects;
- **WP1 and WP3** meetings, a meeting of the **coordination group** (only if some important discussion topic is proposed) plus other internal meetings (upon request);
- **A meeting between WP2 and WP3** on the results of the WP2 long term models, to be than used as input data by the WP3 simulations.

All the meetings will be held at the OME facilities, except the WP2 Workshop that will take place in a meeting room. All the facilities are located in the “La Défense” city quarter.

	24 March	25 March	26 March
9.00		Coordination meeting between REALISEGRID, SUSPLAN and IRENE-40: discussion on WP2 data and results	WP2 Workshop
12.00		Lunch	Lunch
13.00	<ul style="list-style-type: none"> • WP1 Meeting • WP3 Meeting • Coordination group meeting (if needed) 	General meeting: presentation of new deliverables	WP2 Workshop (continues up to 16.00)
18.00		Meeting between WP2 and WP3 about data exchanges	
19.00			

General Meeting of the Project REALISEGRID - March 25th, 2010

OME Headquarters - Paris La Défense

13.00	Overview of the activities of REALISEGRID: presentation of the topics and deliverables of the second year. Interim report for EC <i>G. Migliavacca (ERSE)</i>
13.15	D1.1.2 - Description of the "smart" monitored cable system and of its laboratory prototype developed in the framework of REALISEGRID <i>E. Zacone (Prysmian)</i>
13.45	D1.2.2 - Improving network controllability by coordinated control of HVDC and FACTS devices <i>U. Häger (T.U. Dortmund)</i>
14.15	D1.3.3 - Comparison of AC and DC technologies for long distance interconnections <i>S. Rüberg (T.U. Dortmund)</i>
14.45	D2.3.2 - Final report on results of long term scenario analysis for the European power systems <i>E. Lavagno (Politecnico di Torino)</i>
15.15	D3.2.2 - Price, cost and financial aspects of network expansion in the European context <i>C. von Hirschhausen (T.U. Dresden)</i>
15.45	Coffee break
16.15	D3.3.2 - Review of costs of transmission infrastructures, including cross-border connections <i>A. L'Abbate (ERSE)</i>
16.45	D3.4.2 - Tool for the coordinated assessment of investments in electricity and gas infrastructures <i>D. Kirschen (University of Manchester)</i>
17.15	D3.6.2 - Incentives schemes and regulation framework for transmission development in Europe <i>J. Kappauf and A. L'Abbate (OME and ERSE)</i>
17.45	D3.6.3 - Analysis of the integration of RES power generation in the electricity systems <i>H. Auer (EEG)</i>
18.15	D3.1.2 - Report on extension and harmonisation of transmission planning criteria <i>A. Ciupuliga (T.U. Delft)</i>
18.45	End of the meeting

Work Package 2 - Long term scenarios for European power systems Final Workshop - March 26th, 2010

CNI - 57, Esplanade du General de Gaulle, 92081 Paris La Défense

9.00	Introductory remarks: <ul style="list-style-type: none">• the REALISEGRID Project (G. Migliavacca - ERSE)• objectives and tasks of the Work Package 2 (E. Lavagno – Politecnico di Torino)
9.30	The model adopted for the scenario analyses: structure and Data base
10.30	Methodology and assessment of energy services demand evolution and storylines for the scenario identification
11.30	Coffee break
11.45	Presentation of the results of the scenario <i>Optimistic</i>
12.15	Discussion
13.00	Lunch
14.00	Presentation of the results of the scenarios: <i>Competing, EU- centered and Pessimistic</i>
15.30	Discussion
16.00	End of the meeting

Internal meetings
March 24th, 2010
OME Headquarters - Paris La Défense

WP1 meeting (starting at 1:30pm)

- Overview on WP1 deliverables (Technofi, 5 min)
- Rehearsal of D112-D122-D133 presentations (Prysmian, TUDO, 45 min)
- Critical issues for pending deliverables (15 min)
- Preparation of D142 (Technofi, 55 min)
 1. Validation of objectives and architecture (10 min)
 2. Collective building (with TSOs) of the rationale for the technology roadmap: vision, critical challenges, system goals, action agenda (15 min pres + 20 min brainstorming)
 3. Validation of key milestones (10 min)

WP3 meeting (starting at 3.30pm)

- Current deliverables and activities (ERSE, 0.5 h)
- Interaction with WP2 for data (All, 45 min)
- Timeline and efforts for WP3.7 in view of the Brussels workshop and the interim report (ERSE, TUDelft, All, 45 min)

Coordination meeting (starting at 5.30pm)

- Statement report: what is still needed and how to get it timely (**better if all the partners participate to this point**)
- Strategy for the dissemination (when and where ad hoc seminars, further collective conference papers...)
- Strategies for communication (press releases, newsletters...)
- Where and how to increase the interaction with the external TSOs and ENTSO-E

Coordination between REALISEGRID, SUSPLAN and IRENE-40
March 25th, 2010
OME Headquarters - Paris La Défense

- **Program:**
9.00-10.00 - Round-of-table between thwe three coordinators to inform about the newest developments within the thee projects.
10.00-12.00 - Focused discussions.

About the two hours of focused discussion, two themes will be discussed:

1. **Results of the REALISEGRID WP2 long term scenarios for EU27+ to 2030.** Maurizio Gargiulo makes a presentation of these results and a discussion follows with the other two projects. Hans Auer, SUSPLAN WP2 leader, will join the debate to have a confrontation between REALISEGRID results and the ideas that are coming forward from the nine regional cases studied in SUSPLAN.
2. **New results on technologies by IRENE-40:** debate with the WP1 of REALISEGRID.

Venues for the events

- **OME** offices are located at: **Immeuble Axe Etoile**
103-105, rue des Trois Fontanot
92 000 Nanterre
Tel : 33-(0)1 70 16 91 20
Fax : 33-(0)1 70 16 91 19
Internet : <http://www.ome.org>
e-mail : ome@ome.org

From ROISSY or ORLY international airports, Take **RER B** to the station “**Châtelet**” and then connect by taking **RER A** and stop to “**Nanterre Prefecture**”.

- **NCI-Les Centres d'Affaires - La Défense Com'Square :**

57, esplanade du Général de Gaulle
92081 Paris La Défense
Tél : +33 (0)1 46 96 56 56
Fax : +33 (0)1 46 96 56 57
Email : comsquare@groupenci.com
Métro : Esplanade de la Défense
RER : Grande Arche de La Défense
